Macatawa Resource Center

Our mission at Macatawa Resource Center is twofold:

- 1. We will develop and maintain a collaboration environment where non-profit agencies are empowered to serve the community.**
- 2. We will be a place where residents can receive a variety of life-giving and feel empowered to take control of their lives.**

What is Macatawa Resource Center?

MRC is the first non-profit of its kind in the area to offer so many different and various services under one roof. The journey would not have been possible without the faith, determination and support of so many good people.

Macatawa Resource Center is empowered by empowering its individual agencies, giving us the impact to serve the community better as a whole than we could apart. This enables us to provide a central greater Holland location which allows organizations to share and exchange resources as they serve the needs of our community.

Member Agencies

MRC has been proud to help out the following agencies in some form or another as they grew or searched for a location. Together, we form a 'network family' of non-profits to better serve the community we love!

- Advocacy Resource Center of Ottawa County (ARC)
- Inspired Eats
- Preferred Employment and Living Solution (PELS)
- Casa de Esperanza
- Life Choices
- Person-Centered Counseling Services, LLC

- Holland Community Garden
- Third Coast Recovery
- Tiffany Tiffany Inspirational & Motivational Services (TTIMS)

- Macatawa Resource Center
- Diamonds of Glory Ministries
- Apostolic Church
- Spurgeon Heritage Church
- Iglesia La Roca
- Life Piece

What Programs are in Macatawa Resource Center?

- Furry Friends Pet Food Pantry
- Zumba With A Twist
- Cooking Classes

And more programs are coming soon!

Our strategy is for the community to help the community one example is Furry Friends

Furry Friends is a program that runs in help of the community. Furry Friends will ask the community for food or supplies for pets, once people from the community bring stuff for pets, we will store it in a secure place. When there is a person in need of food or supplies for pets, we will give it to the person.

Our goal is to run more programs that can assist people from the community and with it build a stronger community. The programs that we are planning to build are the following: **Advocacy** (to have someone to speak on his behalf), **Housing assistance** (helping people get, or keep, their housing), **Outreach**(making the community know about the services people provide), **Food** (giving food to people), **Coaching**(Learn life skills Coaching), **Transportation**(giving transportation to people).
